CAREER OBJECTIVE

Motivated B.Tech Computer Science student at Vignan's University with strong knowledge of Python, Java, C, SQL, and frontend development using React.js. Skilled in responsive web development, problem-solving, debugging, and software development fundamentals. Experienced in building projects and solving coding problems on LeetCode and CodeChef, and seeking internship opportunities in software engineering and frontend development.

EDUCATION

2024 – 2028	B. Tech, Computer Science & Engineering Vignan's University, India CGPA 8.5/ 10.00
2022 – 2024	Board of Intermediate Education Narayana College, Nidamanuru 2022 – 2024 Vijayawada, Andhra Pradesh, India CGPA: 9.6/ 10 Stream: MPC (Mathematics, Physics, Chemistry)
2021 – 2022	Board of Secondary Education Sri Chaitanya High School 2012 – 2022 Gampalgudem, Andhra Pradesh, India CGPA: 9.8/ 10

TECHNICAL SKILLS

Programming Languages

Python, Java, C, JavaScript

Web Development

HTML5, CSS3, React.js, UI/UX

Database

SQL, MongoDB

Concepts

Data Structures, Algorithms, OOPS, Problem Solving

Tools & Platforms

Git, GitHub, VS Code

Additional Skills

Responsive Web Design, Debugging, Team Collaboration, Software Development

PROJECTS

Gaming Quiz Web Application

- Designed an interactive quiz website with score tracking, timer functionality, instant result evaluation, and a responsive user interface.

Technologies: HTML, CSS, JavaScript

Traffic Violation Detection System

- Developed an AI-powered traffic violation detection system that identifies red-light rule violations from video footage using computer vision and image processing techniques.

Technologies: Python, OpenCV, YOLO (Object Detection), Computer Vision, NumPy, Image Processing, Video Analytics, OCR (if number plate recognition is included)

Real-Time Voice Translator

- Created a real-time AI voice translator that converts speech between multiple languages while preserving the speaker's tone and emotion for seamless cross-language communication.

Technologies: Python, Speech Recognition, Deep Translator, GTTS, Tkinter.

CERTIFICATION AND ACHIEVEMENTS

- Operating System – Cisco
- JavaScript Essentials 2 – Cisco
- JavaScript Essentials 1 – Cisco
- E-Business – NPTEL (63%)
- AWS Cloud Practitioner Essentials

CO-CURRICULAR & EXTRA-CURRICULAR ACTIVITIES

Hackathon

- Participated in a University-level Hackathon at VFSTR (2026).

National Mathematics Day Appreciation Certificate

- Received an Appreciation Certificate on National Mathematics Day.
